To whom it may concern,

I, Patrice Congard, c.e.o. of Screen Excellence Ltd, declares having known Roberto Gamba professionally for about 4 years.

Roberto is one of the very few custom installers capable of mastering both video imaging and audio/acoustics at an expert level on a global scale.

I can recommend him without restriction as an installer of our projections screens, sold under the brand Screen Excellence, and of our audio systems, sold under the brand Audio Excellence.

Kind regards,

Patrice Congard
